TITLE Comparative Report of the Fees & Charges of Public
Parks & Recreation Departments in Virginia 1987.
INSTITUTION Virginia State Div. of Parks and Recreation.
PUB DATE Oct 87
NOTE 195p.; Prepared by Department of Conservation and
Historic Resources, Division of Parks and
Recreation.
PUB TYPE Statistical Data (110)
EDRS PRICE MF01/PC08 Plus Postage.
DESCRIPTORS Costs; *Fees; *Parks; *Recreational Facilities;
Recreational Programs; *Recreation Finances
IDENTIFIERS *Virginia

ABSTRACT

The Outdoor Recreation Resources section of the Virginia Division of Parks and Recreation has compiled in this document a variety of information on fees and charges in Virginia's many public leisure services programs. This information was generated from three surveys conducted in 1981, 1984, and the summer of 1987. By combining the previous data with 1987, the user has the opportunity to compare information, examine specific fees, and recognize trends. The data can be examined by locality (or agency) as well as by fee or program type. Part I of this document covers general information. Part II offers fees and charges classification--entrance, admission, rental, and user. The final section presents special services--entry fees, instructional classes, playgrounds/summer camps, and special events. (JD)

FOREWORD

The Outdoor Recreation Resources section of the Virginia Division of Parks and Recreation has compiled in this document a variety of information on fees and charges in Virginia's many public leisure services programs. This information was generated from three surveys conducted in 1981, 1984, and in the summer of this year, 1987. By combining the previous data with this year's, the user has the opportunity to compare information, examine specific fees and recognize trends.

The data in this document can be examined by locality (or agency) as well as by fee or program type. It must be noted that many agencies structure their fee systems differently. This results in an extremely large number of variables when attempting to analyze and draw conclusions. For these reasons, it is beyond the scope of this project to make detailed comparisons and conclusions. Only broad statements concerning trends can therefore be relied upon as truly meaningful. The Division of Parks and Recreation welcomes any effort to improve on the analysis of this data.

The Division extends its appreciation to the many counties, cities, towns and authorities which participated in these surveys. The compiling of this material would not have been possible without their cooperation.

The following agencies' information is included in this year's data (1987):

<u>Cities</u>	<u>Cities (Cont'd)</u>	<u>Counties</u>	<u>Counties (Cont'd)</u>	<u>Towns</u>	<u>Park Authorities, Commissions & Others</u>
Alexandria	Hopewell	Accomack	Henrico	Big Stone Gap	Bedford Co Rec Commission
Bedford	Lexington	Albemarle	Henry	Blacksburg	Dale City Rec. Center (Sanitary District)
Buena Vista	Lynchburg	Alleghany	King George	Front Royal	Fairfax Co Park Authority (PA)
Charlottesville	Manassas Park	Amherst	Louisa	Herndon	Fredericksburg- Stafford PA
Chesapeake	Martinsville	Augusta	Mathews	Pulaski	Isle of Wight Co Recreation Facilities Authority (RFA)
Colonial Heights	Newport News	Bath	Montgomery	Richlands	Madison Co PA
Covington	Norfolk	Campbell	Nelson	Tazewell	Northern Va Regional PA
Danville	Poquoson	Caroline	Northampton		Prince William Co PA
Fairfax	Portsmouth	Carroll	Northumberland		Upper Valley Reg PA
Falls Church	Radford	Chesterfield	Patrick		Washington Co PA
Fredericksburg	Suffolk	Clarke	Roanoke		
Galax	Virginia Beach	Fairfax	Rockbridge		
Hampton	Waynesboro	Fauquier	Shenandoah		
Harrisonburg	Williamsburg	Fluvanna	Spotsylvania		
		Franklin	Stafford		
		Frederick	Staunton		
		Gloucester	York		
		Grayson	Westmoreland		
		Hanover			

PART I

GENERAL INFORMATION

The information gathered under this section is reported in percentages of those responding. It must be noted that in order to provide more complete information, as well as greater clarification, several questions have been revised over the three surveys. In some cases, questions were dropped and new ones added. Therefore, there is difficulty in making some comparisons from 1981 to the present.

1. Those agencies having a stated nonresident-use policy:

<u>1981</u>	<u>1984</u>	<u>1987</u>
30%	56.8%	35.8%

2. Those agencies restricting all programs and/or facilities to local residents only:

<u>1981</u>	<u>1984</u>	<u>1987</u>
—	2.8%	2.5%

3. Those agencies restricting some programs and/or facilities to local residents only:

<u>1981</u>	<u>1984</u>	<u>1987</u>
—	34.1%	32.1%

4. Method of verification of residency (of those who check):

	<u>1981</u>	<u>1984</u>	<u>1987</u>
ID Card	—	24%	7.4%
Honor System	—	0%	2.5%
Auto Tag	—	30%	17.3%
Driver's License	43%	46%	27.2%
Post Ofc Address	—	42%	18.5%
Registration	—	18%	11.1%
School Enrollment	—	20%	6.2%
Tax Receipts	—	14%	7.4%
Other Method	—	—	3.7%

NOTE: The totals are greater than 100% because many agencies use more than one method of verification. In the 1984 survey, many reported that they accepted any reasonable method of verification. In 1987, 24% of the agencies reported that they do not verify residency. "Other" methods of verification may include checking utility bills and leases. Based on the data shown for 1984 versus that shown for 1987, there is an obvious de-emphasis on residency verification.

5. Those agencies which have written a policy for establishing fees and charges.

<u>1981</u>	<u>1984</u>	<u>1987</u>
34.0%	40.1%	32.1%

6. Those agencies where fees and charges are consistent within all geographical areas served:

<u>1981</u>	<u>1984</u>	<u>1987</u>
91%	94.4%	96.3%

7. Those agencies whose charges vary according to client groups:

	<u>1984</u>	<u>1987</u>
Income	26.4%	17.3%
Age	72.2%	58%
Disability	18.1%	14.8%
Other	—	13.6%

("Other" category includes, but is not limited to group charges, family memberships, etc.)

8. Percentage of agencies whose operating budget is dependent on fees and charges; shown by percentage of dependency:

<u>% of Dependency</u>	<u>% of Agencies</u>	
	<u>1984</u>	<u>1987</u>
0- 5%	26.7%	40.7%
6- 10	13.3	14.8
11- 15	8.3	6.2
16- 20	11.7	7.4
21- 30	15.0	13.6
31- 40	8.3	3.7
41- 50	11.7	4.9
51- 60	0	2.6
61- 70	3.3	3.7
71- 80	1.7	0
81- 90	0	1.2
91-100	0	1.2

9. Once revenues are collected from fees and charges, they are disbursed to:

	<u>1981</u>	<u>1984</u>	<u>1987</u>
the general fund (jurisdictional)	76%	63.9%	67.9%
the operating budget (departmental)	—	26.4%	25.9%
the capital budget (departmental)	—	1.4%	6.2%
a separate revolving account (departmental)	27%	5.6%	25.9%
an enterprise account (departmental)	—	—	3.7%

10. Fee- and charges are established based on:

	<u>1984</u>	<u>1987</u>
Break-even on Direct Costs	62.5%	39.5%
Break-even on Direct & Indirect Costs	23.6%	14.8%
Break-even on Direct, Indirect & Capital Costs	2.8%	2.5%
Full Cost Recovery & Profit	9.7%	7.4%
Combination of More than One	16.7%	24.7%
Other	18.1%	11.1%

"Combination of more than one" consists of either direct costs plus a percentage, or direct costs and indirect costs, plus a percentage.

"Other" consists of either a partial recovery of direct cost, or fees set by the governing body of the jurisdiction not necessarily based on cost information.

11. Departmental fees and charges are approved by:

	<u>1981</u>	<u>1984</u>	<u>1987</u>
Local Governing Body	30%	48.6%	42.0%
Park & Recreation Commission Board or Authority	—	43.1%	29.6%
County, City or Town Executive	—	11.1%	9.9%
Park & Recreation Director	62%	50.0%	51.9%

Percentage totals exceed 100% as fees and charges are oftentimes approved by more than one source. Within one locality, the Director may have authority to approve some fees, while others require the approval of the governing body.

12. Those agencies which have a written policy concerning concessions:

<u>1981</u>	<u>1984</u>	<u>1987</u>
11%	23.6%	23.5%

13. Percentage of concession intake the agency receives:

1981

32.4% of respondents had some involvement in the operation of concessions;
30.4% of those operated their own (100% net after expenses).

Of those who contracted with others:

25% received a percent of net (average 45% take);
75% received a percent of gross (average 14% take).

1984

60.1% of respondents had some involvement in the operation of concessions;
38.5% of those operated their own.

Of the 21.6% who contracted with others:

13.0% received a percent of net (the range is 8% to 50% with a median of 10%);
52.2% received a percent of gross (mean receipt is 23.5%, median is 20%);
34.8% received a portion based on competitive sealed bids where the agency accepts the best offer, which may be a percent of gross or a guaranteed fee, plus a percent.

1987

Of the 34.2% of the respondents who contract with others for concession operations:

17.2% receive a percent of net (the range is 10% to 50% with a median of 15%);
41.4% receive a percent of gross (the range is 5% to 59.7% with a median of 15%);
24.2% receive a portion based on competitive sealed bids where the agency accepts the best offer, which may be a percent of gross or a guaranteed fee, plus a percent;
10.3% receive a pre-established flat fee determined by the department or the governing body;
6.9% receive no fees at all.

PART III
SPECIAL SERVICES

The following data represents the high, low, and median fees charged for the popular activities indicated. In instances where adequate data was available, city and town figures are shown independently of county and region fees. Otherwise, all responding localities are analyzed together. These figures are intended to guide departments in setting appropriate fees. Specific fees for particular localities are available from the Division of Parks and Recreation.

N = Number of agencies' responses utilized in analysis

Median Fee = Not to be confused with "average," median is the middle value - half of the number of responses analyzed. Half of the responses were lower than the median and half were higher.

Activity	N	Median Fee	High Fee	Low Fee
A. ENTRY FEES -- TEAM SPORTS/ATHLETICS				
<u>Youth Softball</u>				
(per participant/ 20-game season)				
Cities & Counties	8	\$ 16	\$ 28	\$ 4
